

Generative AI Staff Discussion Questions

Use these questions to discuss as a staff after watching the landscape / education AI videos

- How does what you've watched make you feel?
- Are your students/staff/parents/etc. equipped?
 - What's missing?
 - What can you do about that?
- Do you know what your students are doing on AI at home?
 - Or do the parents?
 - Do they understand these risks?
- Are you happy with your filtering and monitoring at school (in general/re this)?
 - So do you know which AI sites are allowed or not?
 - Do you know what else they can do?
- How is gen AI use covered in RSHE/PSHE? Does it fit with your safeguarding team's approach and with your filtering and monitoring rules?
- What do your students think about AI and about these risks?
 - How can we talk to them about it in an appropriate way?
 - What is your experience of that?
 - What barriers are there to it? Any taboo subjects / why?
