

# Staff Gen AI Discussion – Pupils & Risk

- How does all this make you feel?
- Are your students/parents/etc. equipped?
  - What's missing?
  - What can you/we do about that?
- Do you know what your students are doing on AI?
  - At home or school?
  - Or do the parents?
  - Do they understand the risks?
- Do you know which AI sites are allowed or not, and for whom?
  - Does your filtering reflect this?
- How are Gen AI risks and digital literacy already covered in the curriculum??
- What do your students think about AI and about these risks?
  - How can we talk to them about it in an appropriate way?
  - What barriers are there to it? Any taboo subjects / why?

Watch our [Gen AI Harms video](#) and discuss the following

# Staff Gen AI Discussion – **Your Use**

- What Gen AI are you using or have you used?
  - Are you clear what Gen AI tools are permitted for school use?
- Why do you use it?
  - For what purpose?
  - How does it help you?
  - How does it align with pedagogy?
- Have you had any concerns when using Gen AI?
  - Any risks you have encountered?
  - What safety tips would you give to others about using Gen AI?
- How confident do you feel using Gen AI?
  - What practical use tips would you give to others about using Gen AI?
  - What would help you further?
